NOTICE TO ALL APPLICANTS

THE NUMBER OF SUMMER JOBS AVAILABLE IS RELATIVELY SMALL IN COMPARISON TO THE LARGE NUMBER OF APPLICANTS WHO FILE FOR SUMMER EMPLOYMENT CONSIDERATION WITH THE FEDERAL GOVERNMENT. ONLY A SMALL PERCENTAGE OF APPLICANTS WHO APPLY ARE HIRED. THEREFORE, YOU SHOULD NOT LIMIT YOUR EFFORTS TO OBTAIN SUMMER WORK SOLELY WITH THE FEDERAL GOVERNMENT.

INFORMATION APPLICABLE TO ALL SUMMER JOBS

Summer jobs are located in Federal agencies and departments throughout the United States. The majority of jobs are in large metropolitan areas.

The jobs and/or occupational fields included in this announcement are the kinds of jobs that the agencies and departments listed **expect** to fill. The listings are not all inclusive. The agencies and departments listed may have other kinds of jobs available or may not be able to fill all of the jobs that have been anticipated.

This announcement covers primarily jobs in the Washington, D.C. metropolitan area. Employment opportunities in other geographic areas are described in regional supplements to this announcement. You may obtain a supplement covering your area of work preference from the Office of Personnel Management (OPM) Federal Job Information/Testing Office nearest the location of your choice. The addresses of Federal Job Information/Testing Offices are listed on pages 20 and 21 of this announcement.

If you wish information on employment opportunities in an agency that is not listed in either the announcement or the supplement, you should contact that agency directly to find out if applications are being accepted for summer employment and what jobs might be available. Agency addresses may be obtained from Federal Job Information/Testing Offices or from local telephone directories under the listing "United States Government."

Postal Service Jobs

Questions about Postal Service employment should be directed to the Post Office where employment is desired.

Equal Employment Opportunity

All qualified applicants will receive consideration for employment without regard to race, color, religion, national origin, sex, age, handicap, or political or personal favoritism.

Citizenship

To apply for jobs in the competitive civil service, you must be a United States citizen.

Members of Family

In order to consider for summer employment the son or daughter of an agency employee, that agency must follow certain procedures to assure that the son or daughter is not given preference over other candidates.

Work Permits

Some State laws require persons under the age of 18 to obtain a work permit before being employed; therefore, applicants who are under 18 should check with State or local authorities for specific requirements.

Reemployment

Under some circumstances persons who worked for a Federal agency during a previous summer may be reemployed by the same agency without having to file under Announcement 414 procedures. To find out about reemployment possibilities, contact the agency where you worked before.

Additional Information

For general information about Federal employment and current information on salaries, contact a Federal Job Information/Testing Office at the addresses listed on pages 20 and 21 of this announcement.

How To File With Federal Agencies

Opportunities for summer employment in each of the agencies and departments listed are extremely limited. Because of the large volume of applications received, most agencies will not acknowledge or return your application. In most cases, only those applicants who are selected for appointment will be notified.

Once you are sure that you meet the experience/education and skill requirements for the job(s) in which you are interested, file the forms indicated below with each agency where you wish to be considered for summer employment. Be sure to specify the type of job(s) for which you wish to be considered, the lowest grade level you will accept, and the location where you are willing to work. If additional information is needed, it will be included in an agency's listing and should be submitted at the time you apply. Incomplete applications will not be considered.

If you have occasion to inquire about your application after it has been mailed, direct your inquiry to the same address to which your application was sent. You should provide the agency with sufficient information so that your inquiry can be matched with your application.

If you are currently a student, please include on your application forms any courses which you will complete in the spring of 1985.

Forms

The Standard Forms (SF) and OPM Forms described in this announcement may be obtained from Federal Job Information/Testing Offices, or any OPM Area Office. **Do not** use U.S. Government postage paid envelopes.

- SF-171—Personal Qualifications Statement. Use your permanent home address on this form and on all correspondence with agencies.
